Azaleas
and
Camellias

- - Note New Prices - -

Azaleas \$30 per Hundred

ALL PRICES ARE F. O. B. SUMMERVILLE

Camellia Discounts on Grafts.

Terms are strictly cash with order.

5% discount on orders of \$50.00.

10% discount on orders of \$100.00.

No C. O. D. Shipments made.

No guarantee with plants except that they are true to names as I know them.

This list is extensive because of continuous search for new varieties of merit.

Plants packed in very light but strong crates for less expense to customers. Balls are not too large because roots are pruned regularly.

NO CHARGE FOR PACKING

Because it is best to move Camellias and Azaleas in fall or early winter I advise early ordering.

Stock is very limited in many varieties.

SPECIMEN PLANTS

THESE ARE STRONG GARDEN GROWN

(NOT FIELD GROWN) PLANTS

Prices are lower than last year and all plants are high quality; with junctions well healed over in grafted plants, and with extra fine root systems, which will come to you almost intact out of rather sandy soil. They should do well in any soil in which they are placed without removing the burlap.

Each plant is inspected before it goes out, so that no weak or diseased plants should get by. Every plant should be good for its class.

If you like the plants, please recommend them to your friends.

Write for information on any varieties in which you are interested.

TEA OLIVE, BANANA SHRUB, MAGNOLIA SOULANGEANA AND OTHER PLANTS.

Listed below are some of my Seedlings:

James Allan: 4 to 5 inch bloom opening from a huge bud to a flat almost single to twenty or more petals, Semi Double. Firey Red with many flaring and prominent golden stamens. A beautiful and showy flower which lasts well on plant or cut. Strong grower.

Mrs. Walter Allan: A large Semi Double flower 4-5 inches, with prominent stamens showing from flowers sometimes pendant sometimes erect. Very strong and upright but rather slender growth in grafted plants. Color, clear rose red. Extremely long lasting flowers.

Glenn Allan: A huge and beautiful regular semi double deep rose red flower on a compact and slow plant that is extremely strong and upright. Beautiful round, dark and glossy foliage. Long blooming season with largest blooms late in season.

Henrietta M. Allan: A full double imbricated medium sized clear pink with sometimes some stamens when wide open. Many petals. Compact grower. Good foliage.

Grace Hutchinson: Fully imbricated, deep rose with many petals fading lighter at the center. Compact, strong growth. Fine foliage.

Dr. H. G. Mealing: A very large blood red heavy SD flower opening from large buds rather late in season. Petals are heavily veined and have distinctive character of formation. A strong grower and good bloomer. Dark rounded foliage.

The new Hardy Kurume Azalea

ELEANOR ALLAN

PLANT ALMOST IDENTICAL WITH HINIDIGIRI except that color of flower is clear pink. Size and shape of flower and foliage resemble Hinidigiri but plant is probably more compact and a stronger grower.
